Private Care

EXTRA SUPPORT WITH
NO LOCK-IN CONTRACT

kincare.com.au

Helping you live the life you want

Private Care gives you affordable services that put you in control of the support you want, when you want.

Services are completely flexible, providing quality care for any life event whether it's a one-off or on-going. Your dedicated KinCare team will be available for the amount of time that best suits your needs.

With more than 30 years of experience, we know how important it is to help people to live at home independently. So the better we know your passions, preferences and goals – the better we can assist.

Contact us today to see how our Private Care services can help you live a richer, more independent life.

A broad range of in-home services

Here are just some of the private services available. If you would like something that isn't shown below, just ask. We are here to help.

HOUSEKEEPING AND DOMESTIC ASSISTANCE

Having a clean home is important. Not only does it feel good, it can be safer too. We can make sure that your home is clean and tidy just the way you want it. Whether you're after cleaning, washing, ironing or something else, we can help.

PERSONAL CARE

The simple acts of taking a shower, grooming, dressing and using the bathroom can become difficult after an illness or injury, hospitalisation or as you age. Our Personal Care services can help you start your day feeling refreshed.

MEAL PREPARATION

There's something special about a good home-cooked meal. Especially when it's prepared the way you like in your own kitchen. Our Meal Preparation services help ensure you continue to eat your favourite meals at home, by doing the meal planning and preparation for or with you.

COMPANIONSHIP AND TRANSPORT

Stay connected, reconnect or meet new friends through special events, outings or daily activities. Whether it's shopping, appointments, baking or catching up for afternoon tea, we can help you get where you need so you can get things done,

and enjoy time with the people that are important to you.

NURSING CARE

Instead of having to travel to the doctors or hospital, many of your nursing needs can be met at home with our professional, home based nursing care. Services include wound management, medical supervision, pain management and palliative care.

RESPIRE CARE

Designed to give the primary carer a break, Respite Care helps you manage your time and responsibilities while a friend or family member continues to receive the care they need.

Our approach

KinCare offers a range of in-home and community care services if you:

- Are experiencing short or long-term health problems;
- Are recovering from an operation or illness;
- Are older and in need of assistance;
- Have a disability;
- Are carers or families who may need support or respite.

By learning about you and focusing on your needs, goals and passions, we're able to offer the personalised service that's right for you. KinCare will partner with you to help you feel comfortable, safe and cared for in your own home.

*“The best care begins
with listening to you,
and your story.”*

Private

There's no place like home

We support our customers to live the life they choose in the comfort of their own home. For thirty years, we've put them at the heart of everything we do. Our personal in-home aged care services ensure the safety, independence and wellbeing of older Australians, with dedicated, highly trained carers available around the clock.

As our customers' circumstances and needs change, KinCare provides peace of mind with holistic, clinical, connected services that support the care pathway that's right for them, including dignified care at the end of life.

***KinCare paves the way so older
Australians can stay in their home
for as long as they wish.***
